What a fantastic place to stay. We come here every year with the family, usually about 10-12 of us and have such a great time. It's right on the lake, beautiful porches and balconies with great views. Takes all but two minutes to get a boat in the water right there from the driveway.

Where else do you find that level of water access but without the crowds of people?

Can't recommend it enough.

Drove by there, beautiful location! The roads actually ends at the water. This part of the lake is located on buck creek. Great spot to put in a boat or kayak with parking also. This spot is surrounded by gorgeous limestone cliffs and is a great place to both fish and enjoy the lake.

One of my favorite places. It's BEAUTIFUL and there is plenty of room for my family. The path down to the lake is beautiful. The boat ramp is easily accessible and the house is so close we park there while we enjoy the lake.

We spent our Honeymoon on the lake and we loved it!
The scenery and solitude were great. We were close
enough to Somerset to rent a movie or go out for dinner.
This location is very convenient. ... [More](#)
